Biography

Marat Nuriev

IoT Business Development Manager, KasperskyOS, Kaspersky

Marat Nuriev has been in IT for over 17 years. He has worked for global telecommunications and cloud solutions providers, was responsible for sales of mobile broadband products, and managed network consulting projects for leading mobile operators.

For the last few years, Marat has been developing cybersecurity for the internet of things at Kaspersky. One of his current projects is the creation and business development of solutions based on KasperskyOS for the protection of IoT infrastructure.
